

PURVEYORS OF QUALITY FINE FOODS

FINGER FOOD MENU

Welcome to our wonderful world of finger food! Give your party our WOW factor. Whether catering for a children's party or a lavish wedding. You are sure to find just the right choices from our extensive lists. Furthermore, you won't be governed by set prices or menus. You can tailor your own function to suit your budget.

Because our finger food is rather generous in size, here is a tip to give you an idea of just how much food you will require. For pre dinner nibbles, 4-6 pieces per person. And to replace a total meal 10-12 pieces per person. We feel these quantities are an adequate guide.
